OBJECTIVE

Full Stack Developer with experiencing on building backend server and web applications. Specialized in building responsive, high-performance frontends using Next.js and React alongside reliable backend services with Express.js for web applications and mobile applications. Focused on writing clean, maintainable code and designing efficient APIs to ensure seamless user experiences and system stability.

EXPERIENCE

Full Stack Developer | Sparktech Agency

August 2025 – Present

- Build and maintain web applications using Next.js and React for the frontend.
- Develop backend APIs and server-side logic using Node.js and Express.js.
- Design responsive and user-friendly interfaces for mobile and desktop devices.
- Deploy and manage applications on production servers, ensuring performance, security, and reliability.
- Collaborate with cross-functional teams to fix bugs and deliver new features efficiently.

TECHNICAL SKILLS

Languages/Frameworks: Next.js, Nest.js, Typescript, Java, Python, C#, PHP, SQL, Spring Boot, REST APIs

Tools & Platforms: Git, GitHub, Docker, Basic DevOps, Linux (basic)

PROFESSIONAL SKILLS

Real Life Problem Solving, Team Collaboration, Communication Adaptability, Time Management, Critical Thinking

EDUCATION

Bachelor of Science in Computer Science and Engineering

2022 – 2025

- American International University Bangladesh - AIUB
- CGPA – 3.71

High School Certificate (HSC)

2018 – 2020

- Varendra College, Rajshahi.
- GPA – 5.00

PROJECTS

Instagram Reels Copyright Checker by profile link – Next.js, Express.js, MongoDB, PayPal API

[\[Live App\]](#)

- Developed a full-stack SaaS platform that analyzes Instagram Reels for music copyright risks.
- Integrated RapidAPI for Reel data scraping and implemented automated copyright detection workflows using third-party cloud services.
- Designed secure authentication and subscription-based access with PayPal payment integration.
- Built an interactive dashboard for admin to view detailed application controls and insights.
- Deployed and configured the production server, managing environment setup, performance optimization, and ongoing maintenance.

Employee Management System – *Next.js, Tailwind CSS, Flowbite, ShadcnUI, NestJS, PostgreSQL*

[\[Frontend GitHub\]](#) | [\[Backend GitHub\]](#) | [\[Live App\]](#)

- Built a full-stack, role-based platform with authentication, leave, and timesheet workflows.
- Developed frontend using Next.js App Router, collaborated with NestJS backend for secure REST APIs with JWT authentication.

Employee Management System – *Java Spring Boot, PostgreSQL, REST API*

[\[GitHub Repo\]](#)

- Built a secure employee portal with role-based access, project assignments, and leave workflows.
- Implemented RESTful APIs with Swagger docs and Spring Security and JWT for authentication.

Restaurant Management System – *C# .NET (Windows Forms), SQL Server*

[\[GitHub Repo\]](#)

- Desktop app for managing orders, menus, and billing in a restaurant environment.
- Built intuitive UI with C# Forms and implemented robust SQL Server backend.

ACTIVITIES

Accenture North America Project Management Job Simulation on Forge

March 2025

- Completed a job simulation where I acted as a project manager for a hypothetical client who were launching a new brand.
- Mapped suitable project management approaches including Plan Driven, Agile, Second Agile and Hybrid to a portfolio of projects.
- Presented a project status update to senior leadership and project team members.

JPMorgan Chase & Co. Quantitative Research Virtual Experience Program on Forge

December 2024

Completed a simulation focused on quantitative research methods

- Analyzed a book of loans to estimate a customer's probability of default
- Used dynamic programming to convert FICO scores into categorical data to predict defaults

Participated as an Author in Research Fair 2023 at CUET

2023

Joined Ethical Hacking & Cyber Security Webinar by Team Matrix - Elite Hackers

2023

CERTIFICATIONS

- Java And C++ And Python Programming in Complete Course, Udemy
- Data Science with Python, Great Learning Academy
- SQL- The Complete Introduction to SQL programming, Udemy
